# MESSAGES

### Namaste!

Dear students, "You are the nation-builders. You are the movers of higher education. You are the agents of change." It is our fervent hope that the years that you spend in RVHETI we would enable you to equip with leadership and managerial skills. The knowledge that you will gain, the fine qualities that you will imbibe and the technical skills that you will learn to apply will be your major contribution to your parents, to society, and to the nation.

We invest our trust on you. You are our safe source and we bank all our efforts on you. We create not the future instead we craft you for the future. There are strong challenges to great efforts but, always remember, great effort bears the sweet fruit of success.

We were being impacted by an unprecedented situation in the wake of Covid-19 and the entire world is fighting this pandemic phenomenon with collective efforts. Though, the rampant spread of Coronavirus has created an alarming situation, the sprint of RVHETIANS remains resolute and strong. It is a matter of great pride that the RVHETI fraternity has been able to cope with the situation with immense resilience and persistence. We want you to taste the fruit of success once and for the rest of your life, you will never rest.

I would like to convey my deep appreciation to all the stakeholders of RVHETI including parents, students, teachers and staff who struggled through these trying times with immense zeal and commitment in quickly adapting to the changing situation.

Warm regards,

**Er. Vedram Sharma**  
Chairman

### Greetings !

The world is changing; it is getting more competitive and at the same time offering enormous opportunities to those who possess appropriate skills, the right attitude and an innovative mind. Technology and innovation are going to be the key facilitators of success in future. Dream big, think big, experiment and be passionate in whatever you do. Challenge the norms, create new and make your identity. We all live in the age of instant results and quick fixes. But what we must not forget is that success does not come this way. It cannot be achieved instantly. It only comes with sheer hard work, dedication pushing oneself beyond one's capabilities, striving for excellence and making the best of opportunities. If you are passionate about something, then follow your passion and success will be yours.

In our campus we offer our students a rich educational experience that rigor and cross disciplinary breath in as intimate, student center environment. We also believe - "teaching is the highest form of understanding." An education is on giving knowledge which has no an ending.

The blending and growing together of diverse academic disciplines has provided the students an added advantage of an exposure to the distinct RVHETI life with freedom of thought and expression to innovate, create & inspire. The competitive outlook and the grass-root connectivity provide the RVHETI campus a unique position in the world of academia. I am confident that you will find a pathway to a bright future in a chosen career or profession. I encourage you to become a part of RVN Group of Institutions & experience a teaching - learning process which motivates towards excellence.

**Er. Sripal Bhati**  
General Secretary

### Greetings from RVHETI

Education plays a key role in the overall development of the society. The role of education is definitely not limited to giving and grasping knowledge and theory. The true goal of education transcends much beyond just awarding degree and certificate to the students. As Mahatma Gandhi said, "By Education I mean an all round drawing out of the best in child and man-body, mind and spirit". The ultimate goal of education is the discovery of the meaning of life and the fulfillment of life and all mankind as well as for oneself. The quest of education is knowledge, humanity, culture, wisdom and sharpness but it should be noted that knowledge is not given but earned and character is not granted but cultivated.

RVHETI Dadri is not only focuses on the theoretical curriculum, but also help in the development of a student personality, extra-curricular activities and over all perspective. Everything that makes a good institution are - a highly trained faculty, rich library, placement division, teaching methods, liberty to think and express themselves - we have it here. The objective of higher education in rural area is associated with employment as it ensures a positive attitude to see the universe from better angle and to analyze, determine and apply an individuals idea in a constructive development of society. I firmly believe that our R V Higher Education and Technical Institute is more than just a place to learn. It gives you a chance to grow by equipping with everything you need to achieve excellence. At RVHETI we ensure students get the best start to their future career to become smart and careful citizen of our glorious country, India. I wish all the students a grand sucess in their career and prosperity in their future life.

**Prof. (Dr.) Sanjay Kumar**  
Ph.D, M.Phil, L.L.B, L.L.M, PMIR (MHRM), B.Sc. (Bot.H)  
Principal
